

FEEDBACK 2023-24

- 1) Students Feedback about Teaching Learning and Curriculum
- 2) Teachers Feedback

ANALYSIS AND ACTION TAKEN REPORT

1) Students Feedback about Teaching Learning and Curriculum:

Feedback is an essential element of teaching–learning process. It can be incorporated to enhance teaching and learning techniques since it has an immediate impact on the process of acquiring knowledge and has a direct impact on both teaching and learning. For the academic year 2023-24, college collects online feedback from Students and Teachers with the help of Google form specifically designed with structured questionnaire. It was framed by the Feedback Committee and approved by the IQAC. Students and Teachers having freedom and liberty to submit their suggestions, grievances and problems through feedback form. Link of Google form has been created and sent on the respective group accordingly. The analysis and action taken report process is done further by the feedback committee.

For the academic year 2023-24, total **221** students gives their valuable response to the feedback regarding to teaching –learning and curriculum. Total **16 questions** based on various teaching learning aspects were asked through Google form questionnaire. Almost 11% teachers were neutral with this regard.

After the analysis and interpretation of both feedbacks the clear picture reveal regarding to the views of different stakeholders. Above all issues are taken into consideration in the meeting of feedback analysis committee. Discussion is done with principal regarding negative responses and suggestions

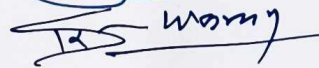

given by the stakeholders. It was decided that teachers should give more focus on their teaching quality and teaching methods. More attention should be given on the presence of students in the classrooms. With this regard use of ICT in teaching and learning is optimized by teachers in the college. Interactive classes with power point presentation have increased for the benefit of the students. In response to some negative comments regarding to classroom conditions more attention was given to the classroom conditions in respect of infrastructural facilities, maintenance, cleaning and hygiene. It was also decided that more fund should be made available for library for acquisition of student oriented library resources. In respect of co-curricular activities, cultural and sports facilities it is decided that to organize more co-curricular activities in the college. It is also decided that to encourage and motivate students to participate in NSS programs, youth festival and other similar platforms. Regarding to co-curricular activities university level sports competitions should be organized in the college. Another significant decision taken that is to organize special lectures on competitive examinations and time table should be reserved for the same. Pratibha lecture series should run continuously with an effective way for students and teachers to impart wider knowledge apart from the curriculum. The open suggestions suggested by the stakeholders are also discussed and decided to organize more online classes if the situation demands. More emphasis should be given on the study tour, laboratory practical's, reading room facilities, cool drinking water facility, Canteen, sports facilities and more.

Best ever faculty

It was definitely an experience of my lifetime . The timw i spent with the core team will always be in the best moments of my college life. I am sure, the things i got to learn while i was an official part of NSS team i couldn't have learned from elsewhere.

we learned many things from this camp like:

We developed a sense of social responsibility through this camp and even civic responsibility.

we even got to know and create awareness about issues like cleanliness, plastic usage, Etc.

and through this camp we students developed a sense of brotherhood ,national integration and patriotism.

This national service scheme (NSS) has encouraged us to participate in community work ;The program's motto is "Not me, But you " .

Improvements of teaching faculty and cleanliness

Quality of teaching is excellent
